# Edrolo

Dear Parents,

I am writing to provide you with information about Edrolo, an important resource that is being strategically utilised at our school for 2018.

## **What is Edrolo?**

Edrolo is a comprehensive, interactive online video and exam simulation resource for the VCE, providing our students with the best opportunity to perform to their potential throughout the year. We have extensively assessed the resource and are confident it is an extremely valuable investment for our teaching and learning culture.

You can see Edrolo in action by visiting this link: [edrolo.com.au/parents/](http://edrolo.com.au/parents/)

## **How do students use Edrolo?**

Edrolo is currently used by over 500 schools and 60,000 students written by VCE teachers (including exam assessors and textbook authors) and built in accordance with VCAA Study Designs, its curriculum-specific and engaging content will provide our students with a differentiated and targeted level of support as they prepare for their most important examinations.

## **How will our students and teachers use Edrolo?**

We will use Edrolo as a tool to further enhance what our teachers are doing day-to-day.

Our teachers are provided with training on how to best utilise the resource, and you should expect them to guide students to make full use of Edrolo in a range of ways across the year, including:

- holiday homework;
- pre-class work;
- post-class consolidation;
- assessment preparation; and  
exam revision.

We are actively communicating with students regarding how to access Edrolo.

When the students receive their booklist, they will see that the subjects that Edrolo have an Edrolo Levy of \$25.00 listed. **This then allows students to access Edrolo for the year wherever they have internet access.** The fee payable for the Edrolo subscription is paid at the time the books are collected and will then be forwarded to Edrolo on your behalf.

However, students are able to access Edrolo from now and over the Summer holidays and will be given information in class on how to log on and create an account.

Regards

***Kathryn Thomson, Teaching and Learning Co-ordinator.***
