

Anti-Bullying Policy Procedure – chart for all staff

Bullying is when someone, or a group of people, upset or create a risk to another person's health and safety - either psychologically or physically - or their property, reputation or social acceptance on more than one occasion. For more information go to <http://www.education.vic.gov.au/healthwellbeing/safety/bullying/what.htm>

All staff should be prepared to deal with incidents of bullying – whether it be in their class or on yard duty. It is important in the development of the school ethos that all staff members have a role in the prevention of bullying. Students should be referred on to the House Co-ordinator or Student Welfare Co-ordinator or the Assistant Principal only when there have been repeated offences or when the incident is extremely serious.
