"We acknowledge the Traditional Owners of the Land on which our School is situated. We pay our respects to Barapa Barapa Elders past, present and future." KTHS Community

TERM 3 Semester 2 - VOL 21

23rd July, 2021

Win an iPad!
 Student Voice Team Celebrates YOUTH WEEK

KTHS PHOTOGRAPHY COMPETITION

Take a photo of your local area and send it to Sharon Chambers via Xuno.

Take your photos by 2nd July. Prizes awarded in week 3.

Prizes for: Judges' Choice (iPad prize), Best Junior & Best senior photo, most unique, staff/student choice (vouchers for each category).

All photos will be on display in the Library for all students and staff to vote.

We have had 50 entries in the KTHS Photography competition....well done!!!

When we get back to school all photos will be on display in the Library and students and staff will get the opportunity to vote for the 'People's choice' award.

The judging panel will also come together to decide on the ultimate winner of the iPad and other minor prizes.

Prizes will then be awarded. It doesn't stop there though..

We are working with members of the community to use the photo entries as part of a community display so we can share the work of our students with everyone. Stay tuned as we work out the finer details!!!!

RESCHEDULED EVENT:

KTHS SCHOOL TOURS

Families are encouraged to book one of the below sessions. Tours will begin from the KTHS Library and go for approximately 1 hour.

**Monday 26th July
4pm**

Principal's Report

Lockdown.

I would like to thank all parents, students and staff for their work through the current Lockdown. Having students at home, trying to keep them on task, staff providing work remotely while still running meetings and households has been another monumental effort. Lockdown 5.0 continues up to and including Tuesday 27th July. This means, all things going well, all students will be back Wednesday 28th July.

This has been a difficult time and talking to the students and some parents establishing a working routine has been hard. The best advice is to treat each day like a normal school day and work on the subjects you would normally have. Some of the work in this space will be completed quickly other subject work will take longer. In the first instant use the allocated time for your subject and then move onto the next even if you have not finished. Time may be gained if the next subjects work is completed early and then you can return to what you have finished. I would also advise students to take recess and lunch breaks. While the weather is not that flash still try to get some fresh air.

I have asked staff to post their lessons in a weekly format. This makes it easier for students to follow and aids with hard copy packs. Once again, any questions of clarity please send a Xuno message and staff will respond in a timely manner.

Work should be submitted for your teacher to look at and all staff are aware to get work back to all students as soon as practicable.

Staying motivated is something we all need to do and having a routine is important. Engage your parents in conversations about the work and what you are being asked to do. Also staying connected has arisen as an issue because people are at home basically isolating. Sharon Champion our Wellbeing Coordinator and the Wellbeing team are available for catch-ups and Sharon can be contacted through the wellbeing phone on 0459 253 961

Currently we do not know what will happen at the end of the seven-day extension to the lockdown and I will keep you informed through XUNO and Facebook when I find out.

Keep well everyone.

Principal, Dean Rogers

Surviving another lockdown in winter

It's grey outside and we are spending a lot of time indoors.

The room is chilly when we wake up in the morning and it's hard to get out of bed.

Sound familiar??

Being in lockdown in winter brings a range of challenges. It's important that we all try to work out the difference between those things that we have control of (and therefore can change) versus those things that are out of our control (and we cannot change). Once we have identified the things that are out of our control, we need to work on ways of letting them go.

What can you identify that you need to let go of?

What can you control and how can you change these so they don't add to your stress?

Limit media to reduce anxiety

Be active

Ask for help

Eat Well

Social Distancing
~ really means physical distancing ~
it is important to stay socially connected
